

360 Communities®

Changing lives and strengthening communities to a new degree

Increase your impact with 360 Communities!

Your \$10

Your \$10 with 360 Communities

When you donate to 360 Communities' network of five food shelves, you have a greater impact on hunger in your community, in part, because of our access to discount food programs. During the month of March, your donations will also qualify 360 Communities for Minnesota FoodShare food fund dollars, stretching your food shelf donations even further. The more you donate in March, the better we can support our food shelf customers!
